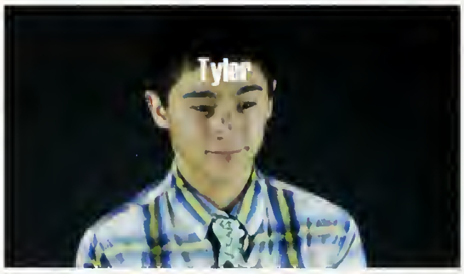
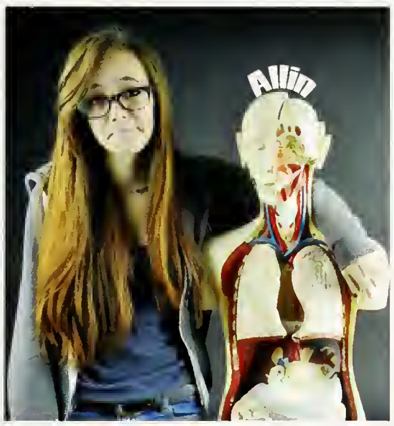
LIMITLESS

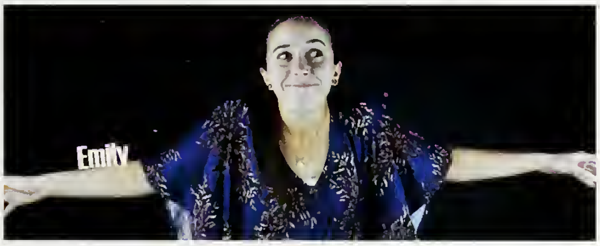
YEARBOOK



When asked to describe the yearbook class in one sentence, yearbook advisor Mr.Yutkins says "they will leave you speechless."

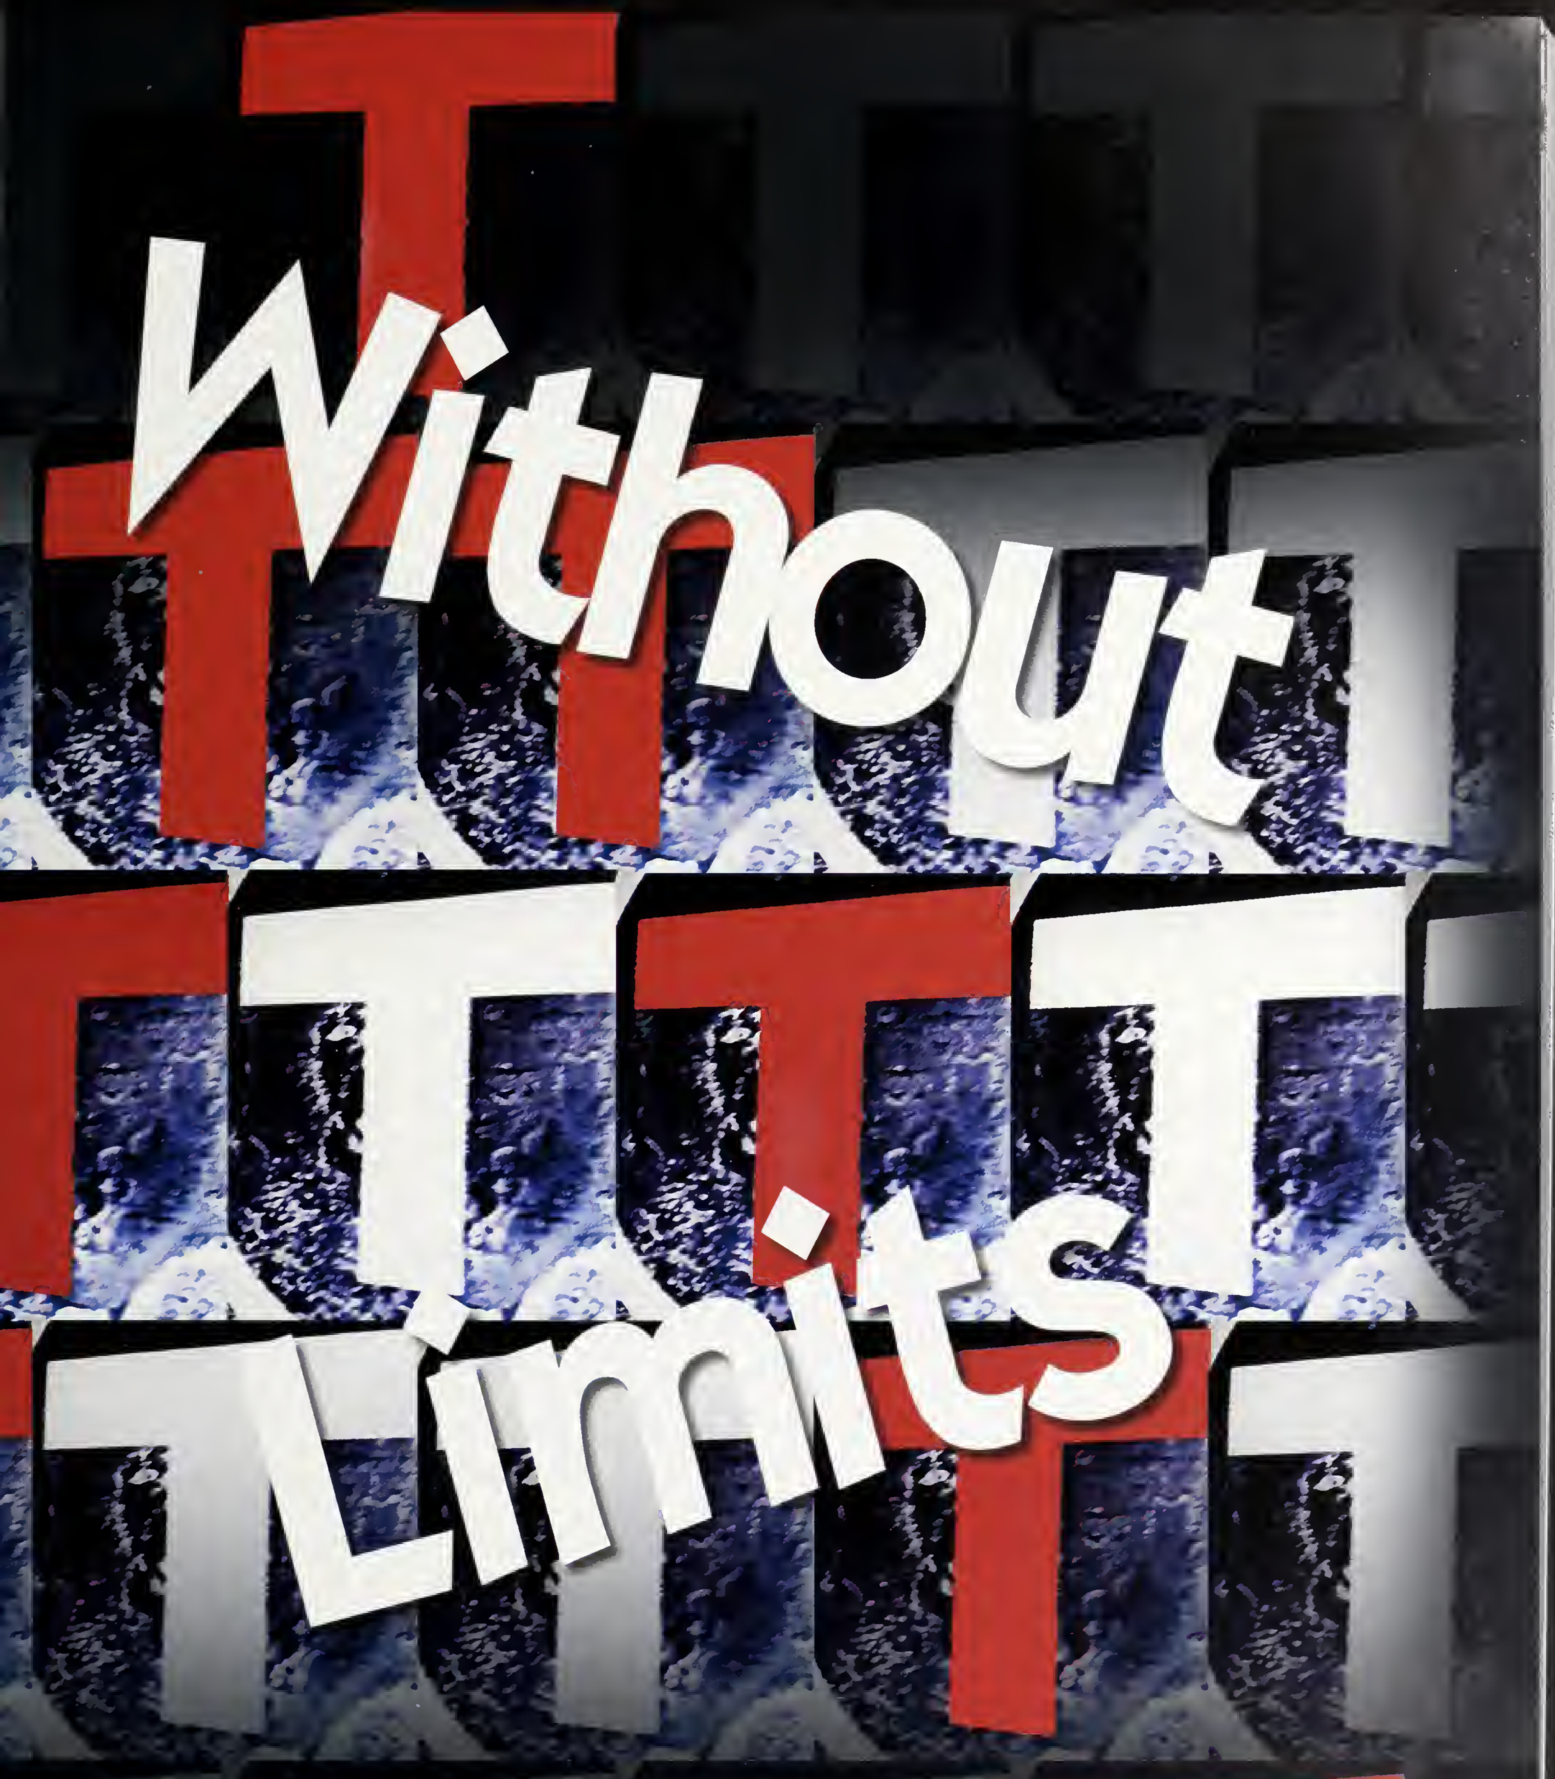
Unlike most classes, the yearbook staff is challenged with the special task of making memories. Through out the year, students work hard to create an elaborate book of 224 pages.





Let the good times roll

What does "Life Without Limits" mean to you? To the 2013 yearbook staff, creating a "limitless' yearbook meant that we could escape our long-standing tradition of the "concrete theme". As proud as we are of the previous editions of MiToBo, introducing an abstract theme into the book meant freeing ourselves from the ball and chain of including (and sometimes forcing) consistent thematic design elements into each section of the publication. Every detail inside this book, whether it's a page layout, heading, or design, is the result of collaborative creativity. This year's book allowed us to put a unique spin on each page. Although we have different ways of making them, we share the same goal in the end, which is publishing a great book. Given the freedom to create from our own means and minds, we were able to combine individual aspects of design into one, unified whole. In a way, we were open to explore "design for design's sake".



Without Limits

s different trains travel on a variety of routes, they start and ultimately end in the same place. The me can be said for this book. It has reached far and wide throughout Masconomet's community order to return again and find its way into your hands. As you read through this book, consider ur own travels and where these paths take you. They all may be subject to change directions, ut one thing is certain: we should all enjoy the ride.

THE CHANGING OF THE GUARD

In keeping with the "Limitless" theme of this year's edition of MiToBo, we are breaking the long-standing tradition of dedicating the yearbook to a single member of the Masconomet Regional High School faculty. Instead, we are dedicating it to *two* highly regarded members of the staff. The chosen duo are both retiring at the end of this school year, and have had outstanding impacts on our school, our students, and our community. Pamela Culver and Walter Meinelt have dedicated the majority of their careers to Masconomet with a combined tenure of 55 years. Their impact on our school, as evidenced by the success of our students in nearly every measureable category, has been enormous. As a teacher and department head, Walter Meinelt has been a positive influence on his students, while demanding nothing short of excellence from them. As principal, Pamela Culver has been in charge of nearly every aspect of Masconomet Regional High School for the past sixteen years. The entire Masconomet community would like to thank Ms. Culver and Mr. Meinelt for their tireless dedication to our school, and wish them both a happy and fulfilling retirement.

MASCO

PAMELA CULVER

16 YEARS

For the past sixteen years, Pamela Culver has served as principal of Masconomet Regional High School. Originally from New York, she taught mathematics for five years before turning her sights to educational administration. She arrived at Masconomet in 1997, and since then has initiated and managed many of the important changes that have occurred at Masco during her tenure. Most notably, she was an integral part of the construction of the new high school building in 1999. Although her work days often last fifteen or more hours, she loves her job. Although her accomplishments at Masco are many, Mrs. Culver often laments one of the most difficult realities of her job: students who do not graduate. Masconomet's graduation rate is one of the highest in the state, but the few students who fail to graduate fuels Mrs. Culver's desire to attain a perfect graduation rate. During her retirement, Mrs. Culver plans to learn a foreign language, spend time with her golden retriever, Tucker, and travel.

WALTER MEINELT

39 YEARS

DURING HIS 39 YEAR TEACHING CAREER AT MASCO, MR. MEINELT HAS MADE A PROFOUND IMPACT ON HIS STUDENTS. HE BEGAN HIS CAREER AS AN ELEMENTARY ART TEACHER AT THE WILDWOOD ELEMENTARY SCHOOL IN AMHERST, MA, WHERE HE TAUGHT 1,500 STUDENTS PER YEAR. TAKING OVER THE REIGNS OF THE ART DEPARTMENT IN 1977, MR. MEINELT HAS CONSISTENTLY STRIVED TO IMPROVE THE ART DEPARTMENT. AMONG HIS MANY ACCOLADES, HE WAS SELECTED AS THE MASSACHUSETTS ART EDUCATOR OF THE YEAR FOR BOTH 1988 AND 2002, AS WELL AS ART ADMINISTRATOR OF THE YEAR IN 2007. HIS PROUDEST MOMENT AS AN EDUCATOR OCCURRED IN THE SPRING OF 1984 WHEN ONE OF HIS MOST SUCCESSFUL STUDENTS, JEAN-PAUL BECK, WAS SELECTED AS A PRESIDENTIAL SCHOLAR IN THE ARTS. ONE OF ONLY TWELVE IN THE UNITED STATES TO RECEIVE THIS PRESTIGIOUS AWARD, BECK AND MR. MEINELT WERE INVITED TO THE WHITE HOUSE TO ATTEND THE NATIONAL PRESIDENTIAL SCHOLARS MEDALLION CEREMONY, DURING WHICH THEY MET PRESIDENT RONALD REAGAN. MR. MEINELT IS NOTORIOUS AMONGST STUDENTS FOR HIS PURSUIT OF THEIR EXCELLENCE, HIS RULES FOR DRAWING, AND HIS PHILOSOPHY THAT "ANYTHING WORTH DOING IS WORTH DOING...RIGHT".

RETIREES

KATHY GRAZIANO

Having spent 25 years at her profession, Kathy Graziano has a great love for her job. Working alongside Alice Tierney as one of the two secretaries in the high school main office, Kathy handles much of the day to day business of running our school. She came to Masconomet after spending twelve years at home raising her children. Kathy has a true passion for what she does, as evidenced by the smile she has for every visitor to the main office. Reflecting on her retirement this year, Graziano said "I have loved working here at Masco. We have a great group of students. Every year at graduation, I feel like a part of my family moving on. It is definitely bittersweet."

MARYELLEN KELLEHER

Even though she has only been working at Masconomet for three years, MaryEllen Kelleher has great responsibilities as both the Administrator of Special Education for the district, as well as the department head of Pupil Personnel Services. Among her responsibilities is the supervision of all special education for the district, ensuring our compliance with all federal and state special education laws, as well as heading the PPS department, the largest department at Masconomet. MaryEllen Kelleher has a lot of valuable experience in the field, having worked as a reading specialist and special education teacher in Melrose for over three years, then at the Methuen Public Schools for four years before joining the Masco faculty. The dedication and passion that MaryEllen has brought to her job will be dearly missed.

ALICE TIERNEY

After leaving her job at Howe-Manning Elementary School in Middleton, Alice Tierney joked about finally being able to "graduate" to High School, and was ecstatic when Pamela Culver hired her as a secretary at Masconomet. Sixteen years later, Alice still has the same passion for her job as she has from day one, and she looks forward to coming to work every day. Working alongside fellow retiree Kathy Graziano, Alice has helmed the front desk of the high school's main office for the past sixteen years. Working in the same school as her son Jason, a Spanish teacher at Masconomet, is something Alice particularily enjoys. Commenting on her upcoming retirement at the end of this school year, Alice said, "I will definitely miss seeing the staff and also the students. It has been quite a ride. I am looking forward to spending more time with my family."

The Emergency Response Team is much more than just a class or club at Masco. As a part of this class, students have an opportunity to gain hands on experience in the medical field. This year the class went on a field trip and experienced what it was like to ride on an ambulance and answer real 911 calls.

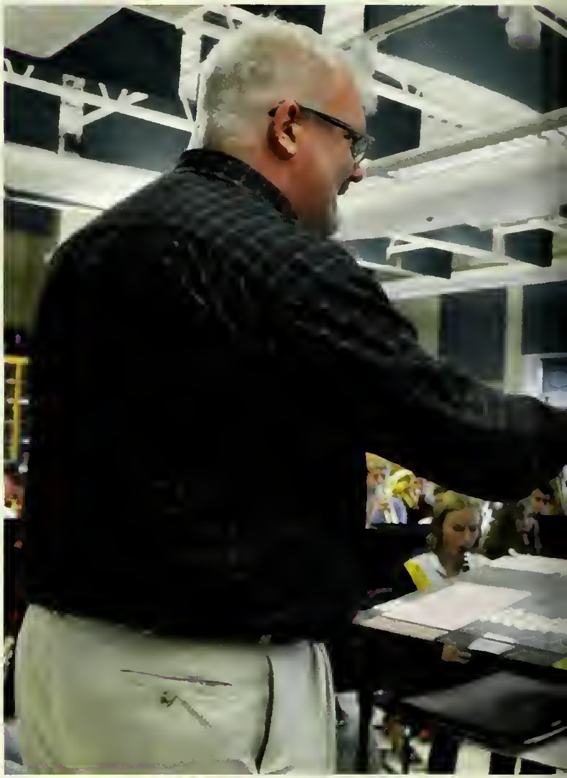
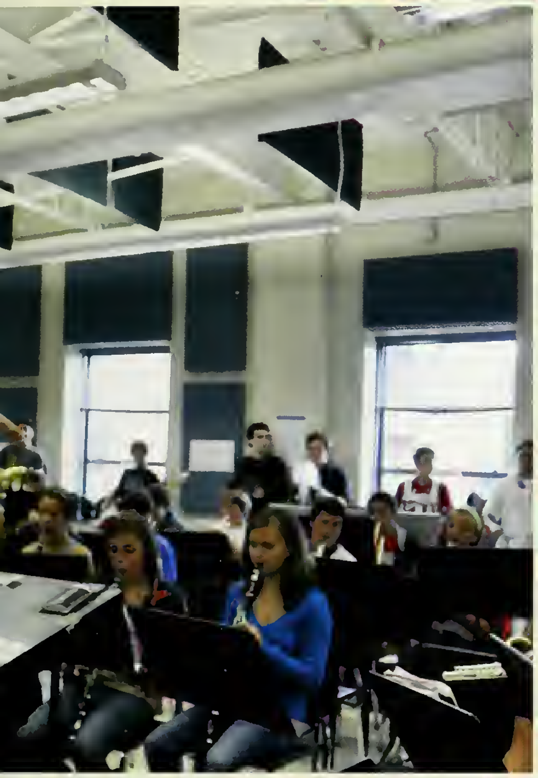
BAND





The Masconomet High School Band is currently under the direction of Mr. Gray and Mr. O'Keefe. There are two main concerts per year, that take place in the winter and spring. These concerts exhibit the talents of the percussion ensemble and concert band. The Topsfield Fair opening day parade and Memorial Day Parade are part of the marching band's repertoire. As the concert band, the group performs during Graduation, Class Night, and the Memorial Day Assembly. For each basketball and football game, the pep band brings spirit to the players as well as their fans. Senior Trumpetire Michael Philbin says, "It has been an amazing four years playing in our school's band, and it will be sad to leave the music department that has taught me so much." Each year the band and chorus classes join together for an excursion. This year the and will be taking a trip for a week to Barcalona, Spain to perform alongside Spanish high school music tudents. Students have worked together this year to create a balanced and passionate sound that is a trong part of the Masconomet school spirit.

The Masconomet Chorus is comprised of four different choruses each with their own individual sound. Singers, Ladies Chorale, Chorale, and Chamber are all under the direction of the amazing teacher, Mr. Ocock. "Mr. O is one of the best teachers there is. I have learned so much about not only singing, but also music and its compostition. There is no class I would rather be in!" says senior Isaac Bean. The chorus performs a large number of events throughout the course of the year. Some performances include the annual winter and spring concerts which continuously draw large crowds each year. Select groups Chorale and Chamber go on excursions throughout the holiday season to the Masconomet Nursing Home, Little Brook Village, Trinity Pre-School, the Council on Aging, as well as to the Rotary Club to bring the spirit of the holidays to the people of the Tri-Town. The two groups also perform a small concert in early April where each member sings a solo art song. Mr. Ocock preaches that with this performance, his students will learn a sense of independence and confidence with the ability to show their talents off on their own. This year, the chorus will perform alongside the Masconomet band on an international trip to Barcelona, Spain. There they will sing in Spanish cathedrals and performing arts high schools while experiencing the foreign culture. Chorus is more than just a class, it's a creative outlet for students to branch out of their comfort zones and grow as people.

PEER LEADING

Peer Leading is a student program intended to ease the transition from middle school to high school by providing the incoming freshmen with upperclassmen mentors. This year, the Peer Leaders and freshman class joined together to raise a grand total of $37,000 for the Dana-Farber Cancer Institute.

The Species

The Prep

Even though The Preps of Masco are never seen on a boat, that does not prevent them from donning their boat shoes on a daily basis. With shorts any color of the rainbow and their signature whale logo on their sweaters, they will always make you feel inferior to them while giving the illusion that you go to school at a yacht club.

The Biddie

When they aren't spending their time instagramming photos of Starbucks drinks with a white iPhone, The Biddie can be seen hanging out at Java City wearing her signature yoga pants and Pink hoodie before school on any given day. Be sure to use caution on all social networks if you follow a Biddie, because she will share every second of her mundane life.

The Gangster

Sporting a hat that is barely managing to stay on his head, The Gangster seems to epitomize "swagger". With pants that rest far below their waist and a vague expression, The Gangster can be seen stanky-legging down the hallway with his entourage. One can identify the presence of a gangster because of their common sayings such as "swerve" , "swag", "yolo" and "you want fries with that?"

# of Masco

The Bro

ros can usually be found dapping a ellow bro somewhere in the hall. his specimen is characterized by heir most common outfit on any ay of the year that consists of lides, midcalves, khaki shorts, a shirt from a college they will robably never get into, a napback, and sunglasses whether hey are inside or not. When pproaching the Bro directly, be ure to use small words.

The Hipster

Often spotted wandering the art hall of Masco wearing oversized headphones that are playing a band you've probably never heard of, The Hipster's style is defined by clothes that normally cost less than $5 at any local thrift shop. Also, their careless attitude towards anything and everything is surely not mainstream. For your own safety, do not call them a hipster to their face.

The Dweeb

The Dweeb is becoming an increasingly rare specimen at Masconomet. Reliance on pocket protectors and taped glasses has vastly reduced their population, as contact lenses and backpacks have stripped the Dweeb of his traditional identity. Fortunately, a resurgance is planned for Dweeb activity next year, including a Dungeons and Dragons Club reunion, and Pi Day Celebration.

Q: When did you begin martial arts and how did you find such a unique activity?

A: I started when I was nine and it's kind of a funny story. The studio was doing a demonstration at the mall and they held a raffle for all of the families watching the demo, saying we should enter for a chance to try a free class. It was really a unique business tactic for retaining more clients, and my family entered. We won, and my sister and I went in to try a class. I really enjoyed it, and that's how it all began!

Q: What is the hardest part of martial arts?

A: I think the hardest thing I had to do was learn how to "hold my own." It's difficult being a woman in what's predominately a man's sport. I had to grow a tough skin because of it. But I came to know that I was where I was because I'd earned it.

Q: What inspired you to start ongboarding?
A: I've been longboarding for about three years now. What eally inspired me to start ongboarding was when my friends Tyler and Rob got their first ongboards. Then I decided to get one and we progressed from there.

A: I had some prior experience on a normal skateboard before I started ongboarding so it didn't take very long for me to get used to longboarding.

A: The best consistant trick that I know is probably the Big Spin. It's when you jump and the board does a 360 degree spin under your feet.

Q: What is it like knowing you've accomplished your goal of learning a new trick?
A: It is a great feeling to land a trick that you have been trying to land all day. It's just a great feeling of satisfaction.

Q: How did you discover your love for art?

A: I found that, in my rush, I was missing the details that make the world an amazing place. When I sit down to draw something - a person, a place, an object - you name it - I learn it with my eyes and my hands and then interpret it with an artistic medium. It's both an intriguing and exciting process that gives me a chance to slow down once in a while.

Q: What is your favorite personal project?

A: If I had to choose one, I'd say it was the dress that I made in 8th grade for a dance out of Duct Tape and plastic Target bags. Making that dress really encouraged me to experiment with materials and has lead to many interesting projects.

Q: How long have you been playing the saxophone?
A: I have been playing the saxophone for nine years. I also play bass, guitar, djembe, and the ukulele.
Q: How often do you practice?
A: I practice 2 hours a day, 7 days a week. Being a musician is not as easy as everyone thinks it is. It is just as hard as any other job and requires constant creativity. However, the only way for musicians to have real opportunities is for them to have a lot of support from their family. Without my family I wouldn't be able to go to college, buy instruments, etc. They have always been so supportive because they have always known that music makes me who I am.

Christian Nicewicz

Q: What clubs are you involved in?
A: NHS (VP), MIML (President), Best Buddies (Club Officer), GIV, and Habitat for Humanity.
Q: What has your involvement in the Masco community taught you?
A: Becoming involved at Masco has taught me that if you put time and effort into something, you can accomplish amazing things. There is no limit to what each of us can do, especially if we bring passion to our efforts. I have loved being a part of each of these clubs and I have learned how valuable it is to be involved.

I have to admit, the words "class of 2013" didn't mean much to me freshman year. Now, four years later, looking at how much we've done and how we've come together, those three words are anything but meaningless. Class of 2013, we've come so far, and it's been an amazing experience.

Ms. DeMatteis and Mr. Novello, we couldn't have done it without you. Thank you so much for all you've done for us and for always having open doors in Guidance. I'll never forget our time at Masco. Thank you all for the most wonderful four years a ch13ftain could ask for!

Q: What do you like best about being in a band?
A: The best part of being in a band is just being able to get together with your friends and jam. It's great to be able to pool everyone's ideas and sounds together to make music. It's really fun to get to know your friends through a collaborative effort to make music, and the satisfaction of creating music we all enjoy together makes being in a band worthwhile.

Q: Are you a cover band or do you write your own music? What type of music do you play?
A: We mostly make our own music. We have many different sounds, but we mostly stick with reggae and alternative. We're really just the kind of band who gets together and sees what kind of music we produce by the end of the day.

Mom & Dad: Thanks for providing me with the support as well as inspiration that helped make these past four years bearable. We've grown so close over these past four years to such an extent that not even the separation that college may bring will take that bond away from us. To every single person who has been there for me, in any way — those who were there to talk to, to laugh to, to cry to, to hug, to high-five, to turn to; those who taught me, encouraged me, inspired me; those whom I wore matchie pajamas with, cheek-squished, went boating with, shipped with, was the same person as, RTSed with; even those who simply said hi in the hallways and smiled, which made me smile: thank you.

Thank you, family, friends, "family", teachers, band, math team, class officers, ch13Fla ins, chieftains older and younger, FPL, and anyone else who has helped me get here. love, Jessica

It has been a long journey since the beginning, one chalk full of experiences irreplaceable; Love, hate, discouragement, pleasure, desire, [...] the list goes on. Every person in my life has helped shape me, without them I wouldn't be me, needless to say I would not change any of it for the world. Soon we will all depart into the future. Anyone who says they will not miss it all is lying, as we only really know about life as it stands currently. Masco has proven to be a wonderful place to grow as a person, what a party it has been!

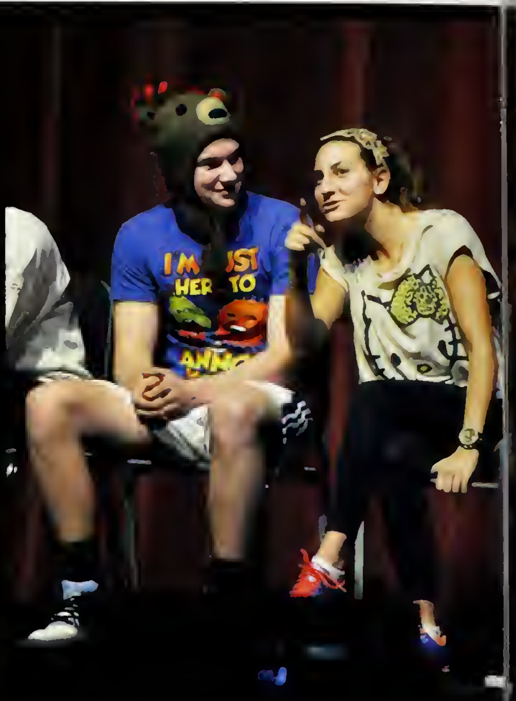
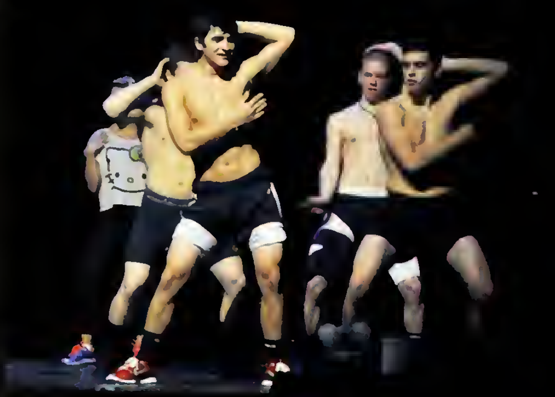
FROLICS '13...



Was held on March 15th in the Henry F. Long auditorium.



Raised nearly $15,000 fo the senior class.

Took 77 hours of rehearsal time over a span of 14 days to perfect the show.

Had 157 participants, and spotlighted not only individual talents but also the cohesiveness and personality of the senior class as a whole.

Anything Goes was brought to life on November 9th and 10th under the direction of Ms. Jill Hasselbacher, and took audiences through a twisting tale at sea. Seniors Tiffany Mosho, Isaac Bean, Emily Gilbert, Brianna Laughlin, Nicole O'Connell, Holly Inman, and Katie D'Apice as well as the rest of the cast took the school by storm with their clever acting and spirited dancing. Setting sail with Veronica McLaughlin as Reno Sweeney, Ian Tengler as Evelyn Oakleigh and Moonface Martin played by Michael Senese helped to create havoc on board through a hilarious tale of love and crime.

We are so proud of the strong and kind hearted young lady you have become. As you begin the next chapter in your life remember that we will always be here to love and support you. Here are some words to take with you on your journey...

Life is not a race - but indeed a journey. Be Honest. Work hard. Be choosy. Say "thank you", "I love you", and "great job" to someone each day. Go to church, take time for prayer. Love your life and what you've been given, it is not accidental - search for your purpose and do it as best you can. Dreaming does matter. It allows you to become what you aspire to be. Laugh often. Appreciate the little things in life and enjoy them. Some of the best things really are free. Do not worry, less wrinkles are more becoming. Forgive, it frees the soul. Take time for yourself - plan for longevity. Recognize the special people you've been blessed to know. Live for today, enjoy the moment and SMILE!"

We are so proud of you and all of your accomplishments. You are caring, kind, honest and beautiful both inside and out...don't ever change. Follow your hopes, dreams, and goals and never lose faith in your ability to make the world a better place. Always go forward with your head held high and a smile, using your perseverance, intelligence, and character to meet the challenges that await you. Never let negativity influence you or direct what you do. Always face forward and see your whole life shining bright for you. We have watched you grow into an amazing young lady with compassion, selflessness, and generosity. May the world embrace you, excite you, and strengthen you in everything you do. Enjoy life and be happy...we love you very much! Congratulations!

Samantha Martin

WOW...18 & graduating high school! I still remember Daddy pulling you around on your sled and teaching you how to ride a bike and play baseball with the boys! And, you & I singing & dancing to Martina McBride's "Broken Wing" and playing "make a burrito" in the purple comforter (and you always wanting to be the cheese) and, of course, "girl singing". Sammie, you will ALWAYS be our little girl, singing music for us, carrying Rosie around on all our family travel adventures, and saying "AGAIN" every time we lifted you up and swung you in the air. We had the best of times, and weathered the "not so great" times (not to mention almost having an ER wing named after you!) but we would not trade ANY of it for ANYTHING in the world. You have filled our hearts with so much love & joy. We could not ask for more in a daughter. You are smart, caring, funny, generous and talented in so many ways. We are truly blessed. And, as you go into this world - know we are always here for you, any time, any place...no matter what. Listen to your inner voice, do what's right, and never ever give up or stop loving. You are our precious Scoobie; and, as Sarah B. told you...YOU are amazing!

We love you to the moon...and back!
